TERRAE - Where Living Takes on New Meaning

Inspired by the earth and nature, TERRAE combines privacy, leisure and comfort, reflected in its organic lines and natural tones, which integrate perfectly into the surrounding environment.

In Terracotta tones, the two buildings of this private condominium with swimming pool, at the entrance to the city of Espinho, come together to create a unique space a refuge where 'living' becomes a true experience of harmony and well-being.

Composed of two interconnected buildings, the condominium offers a total of 20 apartments, spread over three floors with typologies ranging from T1 to T3, designed for different lifestyles.

Outside, the common spaces invite conviviality and relaxation: a large garden, swimming pool, living room and barbecue area complete this scenario where comfort and nature are in perfect harmony.

Reinforced concrete structure with direct foundations, reticulated structure of pillars and beams, with light and solid slabs, calculated according to the regulatory standards in force, including safety against wind and earthquakes.

Work began in the last quarter of 2025, completion scheduled for the end of 2028

Negotiable payment terms, based on 30% on the CPCV a reinforcement to be agreed and 60% on the deed

- The exterior walls are made up of a thermal block, with thermal/acoustic insulation. The compartmentalisation division of the interior of the houses in plasterboard with Soundproofing.
- Filling of interior floors with lightweight concrete, to involve all technical networks (water, sewage, electricity and telephone networks). Application of polyethylene screen for acoustic insulation.
- Inverted roof system, consisting of several layers, waterproofing with double asphalt screen, thermal insulation with Extruded Polystyrene type 'Roofmate', geotextile and with final finish in washed gravel.

This is a fantastic property for those looking for comfort and quality of life.
