The area is well served by high class hospitals:

The Andaman International Hospital in Mai Khao Phuket (17 km), completion by 2026

Bumrungrad International Hospital near Blue Canyon Country Club Phuket and Phuket airport (25 km) (construction starts soon)

The main house is two bedroom with two ensuite bathrooms, and a large living room and dining area.

There are two kitchens - a large Thai one with an extra associated dining/relaxation area and a smaller Western one. The Thai kitchen is easily sufficient for all cooking needs, and so ideally the Western kitchen should be converted to a small bedroom.

The additional family villa was designed for parents and relatives. The additional two bungalows with bathroom are designed for friends.

So actually the existing property has 5+ bedrooms.

The electricity is 3 phase throughout.

There is an outdoor 6m x 3m private swimming pool that is surrounded by tropical gardens.

Also included is a carport for two cars and an outside water pump building.

Three water wells are on the property, 1 new style (narrow bore) and 2 traditional style.

And there are various water outlets around the grounds for watering the landscape.

The large garden contains various interesting plants including banana, durian, blueberry, grape vine, bitter cucumber, mangosteen pumpkin and papaya. There is a herb garden and small teakwood plants.

To complete this tropical paradise are two small lakes stocked with fish.

An entire resort to enjoy! With minimum effort it could be turned into a profitable resort or homestay business!
