Description:

An operating profitable business is for sale in Torrevieja, Costa Blanca, Spain. We offer you a unique opportunity to purchase a ready-made business in the city of Torrevieja, which is a popular tourist destination among tourists from all over the world. Thanks to its favorable location, this commercial activity has been bringing in a stable good income for 8 years now and is very popular both among the local population and among those who come to relax on the shores of the Mediterranean Sea. In other words, you are buying not just a beauty salon, but a well-established and developed business with a huge customer base. Over the years of its activity, this enterprise has grown from an ordinary salon into something more - there is an entire beauty institute here, where the best teachers teach all the intricacies of popular beauty services, conduct master classes and specialized courses, after which future specialists receive diplomas (for this type of activity there are all necessary licenses and permits). The salon has a specialized store that sells high-quality products for manicurists and pedicurists. The business is sold along with all the equipment and warehouse of goods that are sold in this store. The total cost of materials in stock is quite high, so purchasing this beauty salon becomes even more attractive. It is also worth

noting that the rent for the premises (130 m2) where the salon is located is very low and has been increased only once in all 8 years of operation. Two offices with equipment, a classroom for students, a storage room, a store, a kitchen for employees and a bathroom - everything is ready for future owners. Don't miss your chance, as this is truly a unique offer!
