Description:

Located in the historic village of Tusson, this high-end property is bathed in light and full of character, in excellent condition. With its 5 bedrooms and a 6th master bedroom of 102 m² converted from the attic, the house is ready to move into. Ideal as a family home or for a bed and breakfast project, the furniture can also be included. The medieval village of Tusson offers a very good restaurant, 2 tea rooms, a grocery store and a farm producer/local products.

Heating is provided by mains gas, offering immediate comfort, and you can enjoy a cosy atmosphere in winter thanks to the wood-burning stove. The house is currently equipped with a septic tank, and a connection to mains drainage is planned for a later date, but the property is sold as is.

You will enjoy a charming courtyard with a stone wall, an enclosed garden perfect for creating your own vegetable patch or providing a safe space for children, as well as a raised wooden terrace, ideal for relaxing and enjoying a sunny afternoon. In addition, an annex building already houses a fully equipped gym, ready for use.
