Description:	

This 30 sqm one-bedroom apartment is designed as a smart, efficient asset within a fully integrated resort complex. The unit features a comfortable bedroom with bathroom, a functional living area, kitchen and dining space, and comes fully furnished for immediate use. A private balcony opens up to ocean views, giving the apartment a premium feel despite its compact size, while access to a shared pool enhances its appeal for short- and mid-term stays.

The apartment sits inside a master-planned complex equipped with resort-grade facilities, including two outdoor swimming pools, restaurants, bars, a full-service spa, fitness center, co-working space, kids area, retail shops, and even a helipad. Located in a designated pink zone area, the project is legally aligned for hospitality operations. Its strategic position places it just five minutes from Nunggalan Beach and ten minutes from Nyang-Nyang Beach, making it highly attractive for tourists and digital nomads seeking ocean proximity with complete amenities.

This unit is particularly suitable for long-term rental business strategies, offering an accessible entry point with strong income potential. Projected rental ROI is estimated at 13–15%, supported by consistent demand and professional area management, while capital appreciation is projected to reach up to 35%+. With its ocean view, compact layout, and location inside a full-scale resort ecosystem, this apartment stands out as a liquid, low-maintenance investment in one of Bali's emerging coastal zones.
