We would like to point out that all the apartments have a parking space and it is also important to mention the use of the safest and most sustainable materials in the construction of this development. A Casa Da Joana is a real estate company that was born in the city of Aveiro. It stands out for its rigorous and careful

selection of the properties it promotes and presents to its clients. It sees itself as a relaxed concept, where finding the ideal home, and the most exciting one possible, are the watchwords.

The closeness and empathy it builds with its clients creates bonds and establishes a relationship of trust and credibility that can't be matched.

We are on the market to bring color and passion to the real estate market and to combat the traditional model of buying and selling property.

Our home is the most special place in our lives and, for this reason, choosing it is a process that should be advised with all the importance and care it deserves.
