Description:

Step just outside Fuengirola and you'll find this striking 9-bedroom villa—a place that's got room to spare, all sorts of possibilities, and serious investment appeal. It sits on a private 409 m<sup>2</sup> plot, with 702 m<sup>2</sup> of built area and 293 m<sup>2</sup> of actual living space, spread over three levels.

Here's what makes it special: each floor works as its own self-contained home, each with a private entrance. That setup's perfect if you've got a big family or you're thinking about renting it out. Altogether, you get nine bedrooms, four bathrooms, and plenty of space outside: big terraces, balconies, a BBQ area, a pool, and lush green corners where you can sit back and soak in those mountain views.

No matter the season, you stay comfortable thanks to air conditioning and individual heating, and there's a private garage that makes daily life easier. Plus, you've got access to a communal pool—ideal for those lazy afternoons under the Costa del Sol sun.

If you're after a big family retreat or a property that works for both living and earning, this villa delivers. It's well-designed, private, and right near Fuengirola's beaches, shops, and transport. This place isn't just impressive—it's smart living in a prime spot.
