Description:

Located within Vesta Mare's frontline beach setting, this three-bedroom penthouse showcases spacious modern living in one of the development's most desirable positions. Vesta Mare is designed to offer a complete residential experience, combining contemporary architecture, sustainable construction, and thoughtfully designed communal spaces. The project integrates landscaped gardens, indoor and outdoor pools, spa facilities, gym, social areas, and even a preserved Roman archaeological space that connects the development to the area's cultural heritage. With 115 m² of interior space, this upper-floor residence offers a refined and well-balanced layout. The open-plan living and dining area is designed to create a bright and welcoming atmosphere, enhanced by expansive glazing that connects the interior to a generous terrace. This outdoor space becomes a natural extension of the home, ideal for dining, entertaining, or simply enjoying the Mediterranean climate. The three bedrooms are carefully distributed to ensure privacy and comfort, including a well-appointed primary suite. High-quality finishes, elegant bathrooms, and a contemporary kitchen complete the interior specification. The elevated position enhances natural light and openness, creating a sophisticated coastal home that combines space, functionality, and modern design. This apartment represents a prime opportunity within a modern beachfront development, offering comfort, quality, and a privileged location on the Costa del Sol.
