This real estate asset stands out for its privileged location in the center of Foz do Arelho, just 2 minutes from the beach and the Óbidos Lagoon. With a configuration that favors sun exposure and easy access, the land offers the necessary scale for a high-profitability residential project. It is the ideal foundation for those looking to build in one of the most valued spots on the Silver Coast, with all conveniences at the doorstep.

The proximity to Óbidos golf resorts reinforces the

residential and tourist interest of this location.

**INVESTMENT NOTE:**

This is a low-availability asset in the current market, given its 2,400 m<sup>2</sup> area in a consolidated zone. The construction capacity for 6 units allows the investor or developer a clear optimization of capital, meeting the strong demand for new housing in this coastal area. The scarcity of land with these dimensions so close to the sea guarantees the long-term preservation of investment value.
