Listing details

Property for: Sale
 Price: USD 403,778.14

Location

Country: Portugal
 State/Region/Province: Aveiro
 Posted: Mar 27, 2026

Description:

In Fermentelos (Águeda), a rare opportunity has arisen on the market: a large, detached house situated on high ground, offering unobstructed views over the Pateira de Fermentelos and the surrounding countryside.

With a walled plot of around 2,000 m² and an impressive 916 m² of gross floor area, this property stands out not only for its size, but above all for the enormous potential for appreciation it offers.

A property with multiple potential uses:

- Large-scale owner-occupied home
- Premium renovation project
- Conversion into 2 or 3 independent units (Condominium)
- Investment strategy with strong potential for returns

Features that make the difference:

- 6-bedroom layout, including 2 en-suite bedrooms
- Spacious living room with a fireplace and excellent sun exposure (east/west)
- Two kitchens (including a country-style kitchen with a wood-fired oven)
- Large living room
- Basement with natural light and an area equivalent to the main floor
- Attic with internal access
- Balconies surrounding the house and a panoramic terrace
- 14 enclosed garage spaces + ample outdoor parking
- Plot with garden and backyard

Full infrastructure:

Mains gas, fibre optic broadband, automatic gates, mains drainage, air conditioning in selected rooms —

a solid foundation ready for modernisation and appreciation.

Strategic location:

A quiet, elevated area with stunning scenery — one of the most sought-after spots in Fermentelos, ideal for those seeking privacy, space and unique views.

Key factor for investors:

The property's layout and positioning allow for a viable plan to create several independent units, maximising returns on an asset with characteristics that are increasingly scarce on the market.

The property is currently let, providing immediate income whilst a future project is being planned.

Opportunities of this scale, location and versatility are becoming increasingly rare.
