Description:

This charming apartment building is located in a quiet green area of Medellín - a sheltered residential area with front gardens, trees full of hummingbirds and parrots. And in a prime urban location: the metro station and the international stadium with a comprehensive range of sports facilities such as swimming pools, tennis, beach volleyball and much more are just a three-minute walk away.

The view from the window falls directly into a well-kept park with tall trees, giving you the feeling of living in the middle of nature. At the same time, there are several supermarkets, shopping centers and a DIY store in the immediate vicinity - a location that offers the perfect balance between quality of life and urban infrastructure.

The house can be sold as a package with the hostel as a unit.
