Beyond the entrance gate, more than 7,200 sqm of enclosed grounds unfold between mature trees, open perspectives and more intimate garden areas. A preserved setting, without overlooking neighbours, just a few minutes from local amenities and the Mont-de-Marsan ring road. The main house offers approximately 215 sqm of living space. From the moment you enter, the 65 sqm reception room reveals impressive proportions: high ceilings, dual-aspect light, fluid circulation and a central stone fireplace immediately define the atmosphere of the home. It includes: A separate kitchen 5 bedrooms, including 2 on the ground floor 2 shower rooms 1 bathroom The interior retains strong architectural coherence and offers an excellent basis for enhancement while preserving the original spirit of the property. In the basement, a 65 sqm cellar houses, among other features, the swimming pool filtration system. Outdoor spaces The 12 x 6 metre swimming pool sits directly in front of the house, naturally extending into the parkland setting. An enclosed tennis court completes the property, with the possibility of restoring its original purpose or redesigning it for another outdoor use. The guest house A second house of approximately 70 sqm, built in the same architectural style, completes the property. It includes: A living room Two bedrooms A study A bathroom A full renovation is required (roof and interior walls), yet this space offers genuine potential for an independent project, guest accommodation or extended family use.
