Description:

Set in a truly privileged and secluded location within the Mata (forest), around 7 km from Barão de São João, this unique property offers an exceptional opportunity to create a private retreat in one of the Algarves most unspoiled natural settings.

With an impressive 15 hectares of land, the property enjoys complete privacy, breathtaking open countryside views, and a peaceful atmosphere that is increasingly rare to find.

The existing 137 m², 3-bedroom house, registered as pre-1951, offers significant potential for renovation and redevelopment, subject to current regulations. Full of character, it provides the perfect canvas to create a bespoke countryside home or retreat project.

The property was rebuilt in 2007. The house is of traditional taipa (rammed earth) construction, which is typical of the region and known for its excellent natural insulation and sustainability.

Fully off-grid, the property is equipped with solar panels and a borehole, making it ideal for a sustainable lifestyle, eco-tourism venture, or wellness retreat.

Access is via a rural track (4x4 required), ensuring total privacy while still being within reach of rural gems like Pedralva, Bordeira, and the stunning beaches of the West Coast.

A rare opportunity to acquire a large, private estate with enormous potential in a highly sought-after natural area of the Algarve.
