Description:

We present this excellent investment opportunity, particularly attractive for developers, thanks to the potential to build multiple residential units and resell them, as well as for alternative uses such as rural tourism, event venues, or leisure projects. Large 12,441 m² estate located in Orihuela, just 2 km from the town center. Set at the foot of the Sierra de Orihuela, the property enjoys an elevated, non-floodable position with open views across the Vega del Segura and surrounding mountains. The land is distributed as follows: 3,488 m² of residential urban land within the hamlet, suitable for development of up to two floors plus basement and mezzanine. Full plot occupation is permitted for semi-detached housing and 40% for detached homes. There is potential to develop around 30 semi-detached properties (approx. 6 m frontage by 18 m depth each). Alternative configurations possible as well. 1,133 m² allocated for road infrastructure. 7,451 m² of rustic land adjoining the urban area, with access to asphalted roads and main services including water, electricity, sewage, and telecommunications. This section is included in a proposed urban expansion plan under the new General Urban Plan of Orihuela. 369 m² of urban residential land, with a beautiful, colonial-style house built on it: 431 m² over 2 floors, featuring 7 bedrooms, two living rooms, two gazebos, kitchen, bathroom, patio, storage room, and a small private chapel. The property also benefits from its own well, two water deposits/pools, and irrigation rights of up to 10,000 m³ per year. About the area: Surrounded by established residential properties, the estate is

located in a well-serviced area with supermarkets, schools, medical facilities, and public transport nearby.
