Excellence through experience – this property stands out through its impressive size, prime location, and outstanding potential, situated in the Central area of Corbeanca, on Laguna Albastra Corbeanca street, just 30 meters from the lake. It offers complete tranquility and a view reminiscent of the Tuscan landscape.

The individual villa, built in 2023, features a generous usable area of 550 sqm and a total built area of 650 sqm, set on an 800 sqm plot with a 22-meter frontage and approximately 600 sqm of free yard space. The layout is ideal for a family seeking space and comfort: 4 rooms, including 3 bedrooms, complemented by 4 bathrooms and 2 balconies with open views over the peaceful surroundings.

From a construction standpoint, the property is built using Porotherm brick, with reinforced concrete slabs, ensuring durability and solid structure. The villa is offered unfinished, giving you full freedom to design and customize the interior exactly to your taste.
