Situated on a generous 2-acre plot, the cottage enjoys a central position with a south-facing orientation, allowing for excellent natural light throughout the day. The land is mostly flat, planted with native trees, with a gentle rise at the rear of the house that adds character and views across the landscape.

The existing cottage has a traditional stone structure and offers approximately 75m<sup>2</sup> of floor area, providing an excellent renovation opportunity of equal size.. There is potential to create a beautiful country home that blends traditional Algarve farmhouse charm with modern comfort. Subject to planning approval, there may also be the possibility to add a swimming pool.

Mains electricity and water are located nearby, making development straightforward. Although the property feels private and secluded, there are neighbouring homes in the area, creating a welcoming international countryside community without compromising peace and privacy.
