Description:

Set within a well-established private condominium in one of Tavira's most desirable residential areas, this well-presented 2-bedroom apartment offers an appealing combination of comfort, convenience and lifestyle. Located just a short walk from supermarket and approximately 5 minutes drive from Tavira's historic centre, the development benefits from landscaped communal gardens, two swimming pools, tennis facilities, reception services, restaurant and bar. Positioned on the first floor, the apartment also enjoys attractive views over the pool and gardens.

The apartment has been designed with practical day-to-day living in mind, offering a bright open-plan living and kitchenette, creating a welcoming social space. Accommodation includes two well-proportioned bedrooms, one of which is an en-suite, while both bedrooms feature built-in wardrobes. A second family bathroom serves guests and residents alike. The south-facing balcony extends the living space outdoors, providing an ideal setting for al fresco dining, morning coffee or simply enjoying the Algarve sunshine.

Additional features include air conditioning, double glazing, fitted wardrobes, lift access, and a solar hot water system, helping to improve energy efficiency and reduce running costs. Being sold fully furnished

and equipped, the apartment is ready for immediate use, whether as a permanent home, holiday base or rental investment. Built in 2007 and maintained in good condition, this property combines low-maintenance ownership with access to premium communal amenities rarely found in such a well-connected Tavira location. Easy parking and easy access for person with a disability are also important.

This property presents an excellent opportunity for those seeking a permanent residence, a lock-up-and-leave holiday home, or a strong investment in the Algarves thriving short-term rental market. Its combination of location, resort-style facilities and proven rental appeal makes it particularly attractive for buyers looking for both lifestyle and income potential. Early viewing is recommended.
