Description:

Nestled in the heart of a peaceful and highly sought-after residential setting, this superb single-storey contemporary villa perfectly embodies Mediterranean elegance and lifestyle. Offering approximately 120 m2 of living space, enhanced by a bright 15 m2 veranda, this beautifully appointed property sits on a magnificent enclosed and landscaped 1,033 m2 plot.

From the moment you step inside, the generous volumes and abundant natural light immediately captivate. The impressive 60 m2 living area offers a warm and refined atmosphere where every space has been thoughtfully designed for comfort and conviviality. Large pocket sliding glass doors create a spectacular opening onto the outdoor areas, flooding the home with sunlight throughout the day. The open-plan kitchen blends seamlessly with the lounge and dining area, creating the true heart of the home — perfect for sharing special moments with family and friends.

Elegantly designed with folding glass panels, the veranda extends the living spaces beautifully and creates a true indoor-outdoor sanctuary overlooking the garden and swimming pool, allowing you to enjoy every season in complete comfort.

Practical and perfectly laid out, the villa also features a discreet utility/laundry room designed to simplify

everyday living.

The sleeping area offers three beautiful bedrooms with built-in wardrobes, all equipped with ducted reversible air conditioning, ensuring comfort and serenity year-round. The stylish shower room features a spacious walk-in Italian shower with elegant finishes, while separate WC facilities add further convenience.

Outside, the charm continues in a setting entirely dedicated to relaxation and well-being. The magnificent 10 x 5 metre saltwater swimming pool, heated via heat pump and secured with an electric cover, blends perfectly into the refined outdoor space enhanced by a large travertine terrace. The pool house with barbecue promises unforgettable summer evenings and wonderful moments of conviviality under the southern French sun.

To the rear of the property, a large garden offers an additional rare and valuable space with endless possibilities: landscaped gardens, relaxation areas, vegetable garden, children's play area or a private retreat hidden from view. A pleasant side access driveway further enhances the exterior layout by creating a practical and harmonious separation between outdoor living spaces while facilitating easy circulation around the property.

The spectacular 73 m² garage with electric door is a truly rare asset in the area. In addition to accommodating several vehicles, it offers remarkable potential for conversion into a workshop, leisure room, independent office or even a self-contained studio thanks to existing openings already in place.
