Description:

This approved project for a 3-bedroom semi-detached townhouse is located in Baixa de Olhão, one of the towns most traditional and desirable coastal areas. The architecture should respect the traditions of the historic centre, while the interior finishes will, of course, be tailored to your taste.

With a planned build area of 153 m² on a 91 m² plot, the property offers an appealing opportunity to create a modern home in the historic centre of Olhão, close to the waterfront, local markets, restaurants and everyday amenities. Faro airport is located 20 minutes drives away.

The proposed layout has been designed for comfortable town living. The ground floor includes an entrance hall, guest bathroom, open-plan lounge and kitchen, and one bedroom with a bathroom positioned opposite. This level provides a practical and welcoming living space, ideal for everyday use or for hosting guests.

The first floor is planned with two further bedrooms, both with en-suite bathrooms, together with outdoor space connected to the bedroom area. From this level, stairs lead up to a private roof terrace with swimming pool, creating an excellent setting for relaxing, outdoor dining or enjoying the Algarve climate in the centre of Olhão.

Set within walking distance of shops, schools, pharmacies, restaurants, the train station and the recently completed Parque Ribeirinho Poente, this townhouse project is well suited as a permanent residence, holiday home or investment property in the Eastern Algarve. A strong opportunity to develop a character home in a central coastal setting, with the added benefit of an approved project, outdoor living areas and a private rooftop pool.
