Description:

Imagine coming home, leaving the hustle and bustle of the lake behind you, and immersing yourself in the tranquility of a secluded setting, just a few minutes from all amenities. Set against the picturesque backdrop of Centenaro, within an elegant residence featuring an 80-square-meter pool, we present a one-of-a-kind penthouse that occupies the entire second and top floor, spread over two levels that epitomize style and spaciousness.

The First Level: Light, Togetherness, and Comfort (approx. 125 m²)

As soon as you step through the door, you're welcomed by a spacious living area with a marble fireplace that transforms the space into the perfect hub for winter evenings.

Open-Concept Kitchen: A separate, generous space designed for those who view dining as a ritual to be shared.

Sleeping Area: Two double bedrooms with sizes rarely found in modern settings. The master bedroom features a private en suite bathroom. A second elegantly finished bathroom and a convenient laundry room complete the floor plan.

Outdoor Spaces: Three balconies—including a splendid 15-square-meter terrace overlooking the pool—surround the floor, ideal for outdoor breakfasts.

The Loft: An Exclusive Retreat (approx. 60 m²)

Climbing the internal staircase leads to an upper attic-style level featuring exposed bleached wooden beams. Here you'll find:

A second open-concept living/relaxation area, perfect as a reading nook, home theater, or study.

A third independent master suite, complete with its own private bathroom. An ideal layout for guests or to ensure maximum privacy for children.
