| 2 Bedrooms | 2 Bathrooms | Two-Floor Loft Layout | Unfurnished | Move-In or Airbnb Ready

Quick Answer

This is a two-story penthouse loft at Mareal, a 60-unit luxury development in Kite Beach, Cabarete, Dominican Republic. The unit spans two floors, offers direct beach views, and is sold unfurnished but fully move-in ready — suitable for immediate personal use or as a short-term rental (Airbnb) property.

Overview

Located on the upper level of Mareal, this 2-bedroom, 2-bathroom penthouse loft is one of a limited number of two-story units in the complex, designed to take advantage of elevated ocean views from the second floor and above. Sold unfurnished, the unit is fully finished and move-in ready, giving buyers the flexibility to furnish it to their own taste or according to Airbnb/rental design standards, rather than working around existing furniture.

Why This Penthouse Loft Stands Out

Two-floor loft layout— a distinct architectural format within Mareal, offering separated living and

sleeping levels rather than a single-floor plan

Beach views from the upper level, part of Marel's second-floor-and-above ocean view positioning

Unfurnished, move-in ready condition— final finishes are complete; the unit is ready for furniture and immediate occupancy or rental listing

European modular kitchen with natural granite countertops, low-consumption appliances, and noise-control windows and sliding doors

Positioned within Kite Beach, one of the world's top 10 kitesurfing destinations, with roughly 330 days of consistent wind annually — a location factor that directly supports strong Airbnb demand from watersports travelers
