Description:

This exclusive 3-bedroom duplex apartment, with a living area of 104.24 m², is located in one of Viña del Mar's most sought-after residential neighborhoods. The layout across two levels highlights the character of a duplex apartment: The upper level features two bedrooms, while the lower level comprises a spacious living and dining area with an open kitchen. In addition, each level has its own outdoor space—a balcony or terrace—which further enhances the comfort of living here.

The modern architecture, light-filled rooms, and unobstructed view of the Pacific Ocean create an exceptional living environment.

The spacious living and dining area offers direct access to the balcony and terrace and provides a magnificent panoramic view of the ocean. Here you can enjoy spectacular sunsets and the relaxed lifestyle of the Chilean coast.

The apartment is ideal as a stylish primary residence, an exclusive vacation home, or a sound investment in one of Chile's most attractive regions.
