Description:

Villa for sale in Benissa (Cala Baladrar) Costa Blanca.

Wake up each morning to the endless blue of the Mediterranean Sea as your backdrop, enjoy long sunny days on the spacious terraces, and reach the beach within just a few minutes on foot. This exclusive designer villa combines breathtaking sea views, complete privacy, and a refined Mediterranean Ibiza style atmosphere in an exceptional location.

Situated on a generous corner plot of 1,174 m² with an excellent southfacing orientation for optimal sunshine throughout the year and just 100 metres from the coastline, this remarkable residence offers an impressive built area of no less than 516 m². Thanks to its privileged position, the villa enjoys spectacular panoramic views of the sea and the surrounding coastline from all three living levels – a rare feature that only a select number of properties on the Costa Blanca can offer.

The villa has recently undergone a highquality renovation of its façades and will be further transformed into a contemporary luxury residence of exceptional standard. In addition, the property offers virtually unlimited possibilities to tailor the layout and finishes entirely to the wishes of the new owner. The proposed layout, designed to make optimal use of the available space, natural light and spectacular views, is illustrated in the floor plans at the end of the photo presentation and can still be fully customised at this stage.

Main FloorThe main floor comprises:

Spacious living and dining room with large windows and panoramic sea views
Openplan designer kitchen with cooking island
Two generous bedrooms, each with an ensuite bathroom
Guest toilet
Utility room
The living room, kitchen and one of the bedrooms all provide direct access to the spacious terrace, partly covered, which seamlessly connects to the pool terrace and outdoor kitchen. Here, the panoramic sea views and relaxed Ibiza style atmosphere can be enjoyed to the fullest.

Upper Floor
Via the internal staircase, you reach the entire upper floor, exclusively dedicated to an impressive master suite. This private level offers panoramic views of the Mediterranean Sea and features a spacious walk-in wardrobe, a luxurious bathroom with a bathtub and walk-in shower, and direct access to a private terrace.

This floor serves as an exclusive private retreat, offering maximum tranquillity, privacy and unrivalled sea views, where each day begins with one of the most beautiful panoramas the Mediterranean has to offer.

Lower Floor
The internally connected lower floor has been designed as an exclusive leisure and guest level. From this floor as well, you can enjoy impressive panoramic views of the Mediterranean Sea, a distinctive feature that further highlights the exceptional location of this villa.

This level includes:

Multifunctional room designed as a fitness area
Wellness area with sauna and adjoining bathroom
Private cinema with bar
Two bedrooms, each with an ensuite bathroom and direct access to the garden
Guest toilet
Spacious garage for two cars
Technical room and additional storage space
Outdoor Living at Its Finest
The outdoor areas form a natural extension of the living space and have been designed to make the most of the Mediterranean climate. The generous infinity pool is undoubtedly one of the villa's most impressive features, offering spectacular views across the Mediterranean Sea.

Adjacent to the pool is a stylish covered outdoor living area with an outdoor kitchen, providing the perfect setting for long summer evenings and relaxed moments with family and friends. Thanks to its almost complete south-facing orientation, the villa enjoys optimal sunshine throughout the day, while the various terraces offer both sunny and shaded areas. The architecture and design are inspired by the highly sought-after Ibiza style, creating a perfect balance between luxury, tranquillity and relaxed Mediterranean living.

A particular advantage of this property is the presence of two separate entrance gates, allowing vehicles to be parked both on the main level and on the lower floor. This not only offers maximum convenience but also makes fully single-level living possible. In addition, the layout is perfectly suited for the independent use of different living levels, making it ideal for guests or multigenerational family living.
