Your Luxury Getaway in Ponta do Pargo, Calheta Madeira

The Perfect Balance Between Modernity and Nature

If you are looking for exclusivity, privacy and an incomparable level of comfort, this new 2 bedroom villa in the emblematic Ponta do Pargo, municipality of Calheta, is the answer to your desire. Designed with contemporary lines and high quality finishes, this property was designed to fuse modern design with the natural beauty and tranquility that characterize the west of the island of Madeira.

Exclusive Property Highlights

Wellness in Any Season: The great differentiating element of this villa is its magnificent heated indoor pool. Designed for total relaxation, it allows for unique leisure moments throughout the year, regardless of weather conditions.

Excellent Air Conditioning and Comfort: The house is equipped with state-of-the-art systems to ensure its thermal well-being. It has air conditioning installed and a sophisticated underfloor heating system throughout the house, providing a cozy atmosphere and a constant ideal temperature.

Light Architecture: The design favors the entry of natural light through large doors in high-performance

glass. These huge windows not only flood all the rooms with the fantastic luminosity of Madeira, but also create a fluid and harmonious transition between the interior of the house and the exterior surroundings.

An Extraordinary Plot: Set on a generous plot of over 3,000 m², the property offers absolute privacy. The vast plot allows for the creation of stunning gardens, organic cultivation areas, outdoor leisure areas or simply the guarantee of a private green space with no close neighbours.

Premium Location and Potential for Appreciation

Located in Ponta do Pargo, one of the most authentic and fastest growing areas on the island, the villa benefits from a strategic location: it is very close to the new and exclusive Ponta do Pargo Golf Course.

This proximity not only elevates the lifestyle of those who appreciate luxury sports and leisure, but also represents an extraordinary potential for real estate appreciation in the short and medium term, making this property a safe and highly profitable investment in the luxury market.
