Description:

Duplex penthouse for sale in Calpe directly at La Fossa beach with sea views, 54 m2 solarium, luxury finishes, pool, gym, and completion in 2027 on the Costa Blanca North. Directly at the La Fossa beach in Calpe, an exclusive new construction project is rising with 72 luxury apartments for sale in Calpe. Construction has begun, and the completion of the first tower is scheduled for August 2027, followed by the second tower in October 2027. A unique location on the Costa Blanca North, with sea views and the Peñón de Ifach. Description The project consists of stylish 1-, 2-, and 3-bedroom apartments and exclusive duplex penthouses. Thanks to the southeastern orientation, large terraces, and a smart layout with cross-ventilation, the homes benefit from abundant natural light and a pleasant indoor climate. The apartments in the first tower offer panoramic views over the Mediterranean Sea and the iconic Peñón de Ifach. From the second tower, you not only overlook the sea but also the salt lake of Calpe, where flamingos can often be spotted. All homes will be finished with high-quality materials and modern techniques. Thus, the apartments feature home automation, air conditioning through air ducts, electric shutters, electric underfloor heating in the bathrooms, and a designer kitchen with high-end appliances. In addition, each home has its own parking space and storage room. During construction, it is still possible to customize the finishes of your new apartment in Calpe through a personalization program. Additionally, the home can be fully furnished for an extra cost, with a choice of two complete interior concepts: Aktual or L-Gance. The duplex penthouse features

extra luxury amenities, including a private solarium, hydromassage jacuzzi, outdoor bar, outdoor shower, and two parking spaces.
