Description:

Phase III introduces the Executive Collection, the most anticipated release within Balmoral Resort, offering a limited selection of newly built 5–6 bedroom luxury homes designed specifically for high-performing vacation rentals. Set within a new and exclusive area of the resort, these spacious residences combine elegant architecture with resort-scale functionality, making them ideal for families, group travel, and executive-style stays. Homes are positioned on a variety of lot types, including standard lots, premium lake-view lots, and desirable front-facing lots, allowing owners to choose the setting that best suits their lifestyle and investment goals.

Each home features large heated private pools, built-in Jacuzzi spas, and expansive indoor-outdoor living areas tailored for guest comfort and entertainment. A signature example within the collection is The Windsor, a two-story residence offering 5 bedrooms and 4.5 bathrooms, with over 3,500 sq ft (331 m²) of total space. Owners benefit from fully integrated on-site rental services, including professional management, maintenance, furnishing, guest check-in, and marketing—allowing the resort to operate seamlessly as a hospitality destination rather than a traditional residential community.

Balmoral Resort is one of Central Florida's top-rated vacation destinations, known for its strong occupancy and extensive on-site amenities. Guests enjoy access to a water park, resort-style pool, bar and grill, arcade, mini golf, fitness facilities, and a full-service clubhouse. With global marketing reach and partnerships that attract international visitors year-round, Phase III offers a turnkey opportunity to own a premium vacation home with consistent rental demand, professional oversight, and long-term value in one of Florida's most successful resort communities.
