Renovated for more comfortable living

The renovation of this apartment focused on some of the elements that make the most difference in the comfort and daily use of a home.

The kitchen and bathroom have been renovated, all windows have been replaced and air conditioning equipment has been installed in the living room and in one of the bedrooms, making the spaces more current and prepared to be enjoyed from day one.

The living room benefits from plenty of natural light and offers a pleasant environment for moments of rest and family socializing.

The two bedrooms have good dimensions, allowing you to create comfortable and versatile spaces. One of them has a wardrobe and air conditioning.

And because in a family home there is never too much storage, this apartment also offers a large wardrobe in the distribution corridor and a storage area, providing additional space to organize everything that is part of the routine without occupying the main rooms of the house.

With 86.3 m², the apartment has a functional and balanced distribution, taking advantage of the different spaces to provide comfort and practicality in everyday life.

A location that simplifies the routine

Living in Vista Alegre means being in a consolidated residential area of Évora, with commerce, services and educational establishments in the surroundings.

In Quinta da Vista Alegre itself is the Basic School of the 1st Cycle of Vista Alegre, a particularly interesting asset for families with children.

The proximity to supermarkets, local shops, health services and the main accesses to the city contributes to a simpler and more comfortable routine.

Because a good location is not just about being close to what you need. It is also about saving time for what really matters.

To better understand the distribution and each of the spaces before the visit, we provide a plan and virtual tour of the property.

If you are looking for a renovated 2 bedroom apartment in Évora, with good areas, storage space and ready to accompany a new stage of your life, this may be the house you are looking for.
