OPATIJA, MATULJI - Three-storey apartment with a roof terrace: a homely feel, privacy and panoramic views

This property offers a rare combination – the functionality of a house and the comfort of modern living, spread over three floors that extend from the ground floor to the roof terrace, creating the impression of a private home with an additional level of exclusivity.

The ground floor is designed as an open living concept where the kitchen, dining room and living room merge into an airy and bright whole, directly connected to the outside space. The living area leads out onto the terrace and its own garden, which naturally connects the interior to the exterior and gives it an additional quality of outdoor living. On the same floor there is also one bedroom and a bathroom, which makes the space extremely practical and functional for everyday life or guests.

On the second floor there are three comfortable bedrooms and an additional bathroom, ensuring a clear separation between the living and private areas and maximum comfort for family life.

The third, and final, floor is the real trump card of this property – a spacious roof terrace with an open view of the sea. This space in practice becomes an extension of the outdoor living area, ideal for

relaxation, socializing and year-round enjoyment of the Mediterranean lifestyle.

The apartment is equipped with a heat pump, underfloor heating, air conditioning, video surveillance, security doors and a covered parking space, which ensures a high level of security and comfort.

This is a property that offers more than standard housing – more space, more privacy and a clear quality of life in every segment.

OPATIJA:
