It will be completed with modern and high quality finishes and huge sliding glass doors which will result in a luxurious, light and airy environment. The large balconies will allow you to maximize your outdoor life and enjoy the magnificent climate we have in the Algarve.

The apartment is equipped with: central vacuum cleaner, pre-installation of air conditioning, bluetooth surround sound, fireplace with heat extraction, automatic blinds and a security system.

As you walk through the front door into the spacious hall way, two en-suite bedrooms are to your left. The hall way takes you to the right where you will enter the fabulous large kitchen living area in open space, leaving the guest bathroom and third bedroom behind you. Once in the living area you are greeted with fantastic floor to ceiling windows that lead to the balconies where you can enjoy the magnificent algarve climate.

The master en-suite is equipped with two large wardrobes and a walk-in shower in the bathroom. The middle room, also en-suite, provides you with one large wardrobe and a larger bathroom with bathtub. Similarly the third bedroom is also fitted with a large wardrobe.

The kitchen, fitted with modern appliances, also boasts a large pantry to one side and a utility room to the other.

The property is part of a new construction development in the heart of São Brás de Alportel. Construction of this development has just started and is expected to be completed by 2025. The development consists of two blocks of apartments, each with 4 floors and a garage.

The garage has capacity for 2 cars and plenty of storage space.

Among other unique features, the property offers an excellent location, with parking, cafes and restaurants nearby. By car it will take you approximately 20 minutes to travel to the nearest beaches and renowned golf courses, such as those from Quinta do Lago, Vale do Lobo or Vilamoura, and also Faro International Airport.
