Informação adicional:

This beautifully renovated luxury apartment is located in downtown Budapest, close to the Basilica and Erzsébet Square.

During the renovation, the interior designers completely reconsidered the floor plan of the apartment, resulting in two bedrooms with two bathrooms, a spacious living room, and a mechanized, modern kitchen. What's more, a sauna was also built.

The furniture in the apartment was made based on individual designs, thus taking advantage of the features, thanks to which there is plenty of storage space available.

The furnishings and decoration are characterized by simple shapes and pastel tones that create a sense of homeliness, which give a modern, elegant overall look, avoiding crowding. A beautiful bronze mirror was placed in the living room, thereby increasing the space. The beds in the bedrooms have individually designed upholstered headboards, behind which LED lighting and also bronze mirrors make the interior even more exciting.

A lot of natural light comes in, but the lighting also played a big role in the design of the rooms, which is provided by LED light sources.

Coverings with special patterns, Marburg washable wallpapers, decorative surfaces, textiles and other additional elements are combined with sufficient elegance.

Floor and wall heating was installed, and cooling-heating air conditioning was installed in every room.

It can be an ideal home or a good investment for you.
