### Informação adicional:

Old 16th century farmhouse, in a beautiful private and panoramic position, completely renovated with park and swimming pool just 10 km from Siena.

Immersed in the greenery, surrounded by cultivated fields, the farmhouse consists of 3 residential units, a main body, an outbuilding and an annex.

The farmhouse is a large and beautiful single house but is currently well managed as an accommodation facility using the 12 bedrooms and 14 bathrooms.

There are 3 large halls on the ground floor, one with a fireplace in the center of the room and another hall with a fireplace and a beautiful ancient covered loggia on the first floor. Around the house there is a well-kept green park of 10,000 square meters with a salt water swimming pool (7 x 14), spaces equipped for children, cooking areas with barbecue, a panoramic terrace above the cellar with a beautiful view of the Val d'Arbia .

The renovation has preserved the ancient flavor and appearance of the Tuscan farmhouses with the addition of modern technologies to reduce pollution and management costs.

---

The property is equipped with photovoltaic panels, computerized irrigation that draws water from a nearby lake, video surveillance system with recording, phyto purification system for the recovery of gray water, rainwater collection, satellite connection and total wifi coverage. . During the renovation, all the walls and load-bearing floors were consolidated.

In addition to the 1 hectare park we have 1 ha of Valdarbia white vineyard, 2 ha of land with boxes and fences for horses.

Excellent general condition: air conditioning, excellent water supply system, automatic park irrigation, photovoltaic panels, led lighting and video surveillance.

The atmosphere, a mixture of elegance and rurality, makes living the countryside particularly pleasant and relaxing.
