### Custom Finnish Interior Design

The interior is designed by internationally acclaimed Helsinki-based Studio Joanna Laajisto, which drew inspiration from the City Centre's past, present and future. Get a dreamy nights' sleep on premium Finnish beds from Matri topped with fabric headboards featuring a custom print by local artist Pasi Kärkkäinen-Tunkelo.

### Hooked Up With Local Amenities

Bob is all for staying active, so this apartment includes yoga mats, online access to Yogaia yoga studio, and access to a nearby local gym. Bob is also all for a tasty brekkie; you have the option to pre-purchase breakfast at Bob's fav neighbourhood cafes with an exclusive discount.

## Kind to the environment

From carbon-negative cork floors to energy-saving smart home controls and select secondhand designer furniture, Bob has made your stay not only comfy and stylish but also kind to the environment. This apartment is powered by 100% renewable energy, has recycling facilities, limits single-use plastic, and is stocked with biodegradable soaps and cleaning products.

## The Building

This super classy 1902 Jugendstil property on Helsinki's Central Railway Square was freshly renovated in 2021. All apartments are located on the fifth floor – the building's top floor – and are accessible by elevator. This is a contactless property, which means there's no front desk. You can access both the building and your apartment with a convenient door code, and our super-responsive online support team is here for you day and night.

## The Neighbourhood

If you want to be in the heart of the city and within walking distance to a huge number of Helsinki's attractions and other neighbourhoods, then this location is perfect for you. Our City Centre building is located in the heart of Helsinki's central business district and lively downtown.

The building is situated on the corner of the Helsinki Central Railway Square, a hub of train, bus, metro, and tram routes from which you can conveniently get anywhere in the city (or Finland, for that matter). From here, you can get to other neighbourhoods like Punavuori design district and Kallio on foot as well. This is where old and new brush shoulders, where highbrow refinement and simple pleasures converge.
