In the complex: an elite residential complex located on the island of Phuket, created for those who value comfort, style and harmony with nature. The project offers modern architecture with an emphasis on environmental friendliness, energy efficiency and tropical landscape. The complex is a 10-minute walk

---

from Layan Beach, surrounded by green areas and offers stunning views of the sea and natural landscapes. The territory includes a large swimming pool with a bar, a water park, areas for children and adults, a fitness club, shops, restaurants, coworking and recreation areas.

In the apartments: apartments of various types are presented: from studios to spacious three-room apartments. The housing is decorated in a modern style using high-quality finishing materials in harmony with natural aesthetics. The layouts are ergonomic and adapted to the individual needs of the owners. Technological solutions include soundproofing, climate control systems and energy-saving technologies that minimize operating costs.

Feature: stands out for its environmental friendliness due to the use of energy-efficient technologies, environmentally friendly materials and wastewater recycling systems. Modern video surveillance, access control and fire protection systems guarantee a high level of safety for residents. Developed infrastructure includes s
