## About the Area

Lefkada is a Greek island in the Ionian Sea, connected to the mainland by a causeway. West coast beaches like Porto Katsiki and Egremni feature sheer cliffs and turquoise waters. The east coast is known for its traditional villages, including the seaside resort of Nydri. In the north, Lefkada town is the island's gateway and capital. Vassiliki, in the south, attracts windsurfers.

Lefkada is one of the most breathtaking Greek islands and it is located in the heart of the Ionian sea, connected with the mainland by a small bridge. Being easily accessed by car and boasting one of the most wonderful natural landscapes and some of the most scenic beaches, Lefkada Greece (or the "Caribbean of Greece", as it is also known as) is the absolute dream destination for those who are into exotic islands.
