This is the fifth phase of construction of the year – round gated complex. The building was put into operation in 2022. It is a 5-storey building with a rectangular shape, with underground parking, outdoor large pool, elevator and staircase. The apartments in the building have a traditional for us layout, which over the years proved to be the most practical: no transitional rooms, always practical entrance hall, exit to the terrace from all rooms and bathroom with toilet.
