ISTRIA, BARBAN - Spacious building plot in front of a green area

Barban is a small picturesque medieval settlement of the acropolis type and is located in the southern part of eastern Istria - above the valley of the Raša River. Well-preserved architectural buildings from the Baroque and Gothic periods, frescoes and Glagolitic inscriptions, churches, palaces and city walls, the knightly game Trka na prstenac, a traditional wine festival and a fig festival make Barban extremely attractive. The municipality of Barban, which has access to the sea in the Bay of Raša, covers an area of 100 km². It is here, exactly 11 km from the first beach, that a spacious building plot in front of a green area is for sale. It is in one unit and can be divided into 4 regular plots according to the wishes of the future owner. The access road is asphalted, electricity is located directly next to the plot, and the water connection is about 80m away. Ideal property for those looking for peace and quiet.
