Comprising two distinct parcels of land, totaling an impressive 2843 m², this property is a versatile investment, perfect for a large family residence, a charming guesthouse business, an agricultural venture, or simply a peaceful retreat amidst the stunning Carpathian landscape.

A Harmonious Ensemble of Buildings on Land 1

The primary land parcel, spanning 1185 m², is a meticulously developed plot featuring six well-maintained buildings, thoughtfully designed to offer both comfort and functionality. The entire area is securely enclosed with traditional wooden fencing, ensuring privacy and a rustic aesthetic.

C1: The Main Living House (83.6 m²) forms the heart of the estate. This inviting residence boasts two spacious bedrooms (23 m² and 22 m²), a welcoming living room (20 m²), and a well-appointed kitchen (7.5 m²). The kitchen uniquely features a separate entrance leading directly to the garden and a dedicated BBQ area, perfect for al fresco dining and entertaining. Completing the main house are a modern bathroom with toilet (3.75 m²) and a practical food storage room (3.75 m²), which also provides convenient access to a roof storage area. All rooms are easily accessible via a central corridor (3.6 m²), ensuring a natural flow throughout the home.

Adjacent to the main house is C2: The Summer Kitchen, Dining Space, & Firewood Storage/Workshop Area (42.2 m²). This versatile building is ideal for seasonal cooking and gatherings, offering ample space for both dining and practical pursuits. For guests or extended family, C3: The Guest House (38.8 m²) provides independent accommodation. It features a comfortable 18 m² bedroom and an open-plan kitchen and living room (15.8 m²), ensuring a self-contained and cozy stay. A convenient 5 m² corridor leads to a valuable storage basement room and provides access to loft storage, maximizing usable space.

Further enhancing the property's utility are C4: A spacious Garage for one car (22 m²), providing secure parking, and two stable buildings. C5: A smaller Stable (14 m²) and C6: A large Stable (81 m²) offer excellent potential for equestrian enthusiasts, hobby farming, or conversion into additional workshops, studios, or storage, depending on your vision.

Modern Comforts & Self-Sufficiency

This estate thoughtfully combines traditional charm with modern conveniences. The Main House (C1) benefits from a robust wood burner central heating system with radiators in every room, ensuring warmth and comfort throughout the colder months. An additional heat source is available in the living room, directly from the kitchen oven, offering supplementary warmth and a cozy ambiance. The Guest House (C3) provides individual comfort with a wood fireplace in every room, creating an intimate and inviting atmosphere.

The property is fully connected to essential utilities, including mains electricity, and is seamlessly linked to the main water pipes and sewage system, providing hassle-free living. Furthermore, the estate boasts its own deep well, measuring 16m, which produces clean, fresh mountain water. This valuable resource is integrated into the main house taps via a pump and also offers the option of manual access, ensuring a reliable and sustainable water supply.

Expansive Land 2: A Canvas for Your Aspirations
