#### Informação adicional:

Beautiful old Charentais stone house with large light-filled rooms, lots of character and great potential. Some of the rooms still need to be renovated, but most of the work has been done and the owner will continue with the works. The property is located in the heart of a small village just a few minutes from Ruffec. The roofs of the house and the outbuildings have recently been redone (the roof of the house is insulated), central heating with a heat pump was installed in 2022 and there is double glazing in all the windows. A large plot of land (for a house in the heart of an old village) adjoins the property, allowing you to make the most of the fine weather. The outbuildings are ideal for storage, a craft project or additional accommodation.
