EXCLUSIVE NEW DEVELOPMENT IN MÁLAGA CITY!

This is a unique project because the building and its properties engage in dialogue with the sea. This is an open conversation based on harmony and sustainability. Therefore, we believe that it is going to be one of the city´s most iconic residential buildings. 21st Century architecture for a city that has made modernity, tradition and respect for the environment its hallmar.

Located in the perfect place to create a project with an extremely high level of architecture, flying the flag for innovation and the cutting-edge, and revamping the western coastline of Malaga, next to the famous Antonio Banderas Promenade

The first luxury property project developed in the city of Malaga, with materials and finishes of an extraordinary quality that can turn this work into a milestone in innovation and design.

One of the most important urban planning projects for the city of Malaga in recent years. An idea that finds its raison d'être in Malaga, as one of the destinations that arouses the most interest in the property sector. A constantly developing city, that is open to the world, full of life, art and culture, and capable of transforming itself at the same speed as the great European capitals. This project undoubtedly positions

Malaga on a much more cosmopolitan and innovative stage, adapted to the needs of international citizens.

Bathed by the Mediterranean Sea, Malaga stretches its arms out over land, sea and air to grow hand in hand with the world, built on a past that was a meeting point of civilizations, where Phoenicians, Romans and Arabs left us with a legacy of customs and beliefs that is more alive today than ever, in a symbiosis that has made it one of the main capitals of the European coastline
