Layout and interior spaces

With a built area of 144 m², this charming home offers a functional and bright layout. The house features three spacious bedrooms (one of which has been converted into a garage, but is easily converted), all with abundant natural light, and two carefully finished bathrooms, as well as a guest toilet for added convenience.

The house has 18 solar panels for the house and another 6 solar panels for the boiler.

Exterior: Nature, privacy and outdoor recreation

The true luxury of this property lies outdoors. Situated on an impressive 13,400 m² plot, surrounded by nature, it offers complete privacy and spectacular open views of the landscape.
