Informação adicional:

If you're looking for a plot of land in a quiet location away from the hustle and bustle, this is it!

9800 square metres of land, with 3 registration numbers, uneven but practically flat, with several unregistered ruins that could be rehabilitated, as they were once someone's home.

Here once lived humble families connected to the land who farmed and cared for their goods from sun up to sun down.

The land also has a shared farm.

With several dryland trees, fig trees, olive trees, etc.

There is an access road which, although passable, needs to be cleared.

There is also the possibility of acquiring land and ruins from another neighbour.
