countryside area, about 6 km north of the center of the parish. Access is via a variant of the EN125. It is served by a station on the Algarve Line.

Mexilhoeira Grande is a very old village, whose origin may date back to the extension of the Neolithic and Chalcolithic settlements of Monte Canelas and Alcalar."

The institution of the parish seems to date back to the sixteenth century, when the current mother church was built. Around 1446, it should already be a village of some importance because, according to the chronicler Gomes de Zurara, Infante D. Henrique was here on this date.
