Informação adicional:

Set within an expansive private estate close to Carvoeiro, this five-bedroom villa offers a rare balance of space, privacy and sea views, just a short drive from the Algarves most sought-after lifestyle amenities and beaches. Positioned on a large plot and enjoying a total built area of approximately 635 m², the property is designed for comfortable family living and refined entertaining, with a layout that prioritizes light, flow and connection to the outdoors.

The interiors are generous, centered around a spacious living and dining area with fireplaces and direct access to covered terraces overlooking the gardens and heated swimming pool. A large, fully fitted kitchen provides excellent functionality, complemented by practical service areas. Bedrooms are arranged across two levels, all benefiting from fitted wardrobes, en-suite facilities and some with access to terraces with garden or sea views. A custom-designed marble staircase adds architectural presence, while quality materials and craftsmanship throughout reflect a home built for longevity rather than trend.

Outdoor living is a defining feature, with landscaped gardens, a swimming pool, and a dedicated BBQ and entertaining area creating a private, resort-style environment. The villa is equipped with underfloor heating throughout, air conditioning in all bedrooms and main living areas, solar panels, cisterna and

mains water, automatic irrigation, security alarm, double glazing and electric gates, ensuring comfort, efficiency and peace of mind year-round.

Well located for both permanent living and extended stays, the property is approximately 10 minutes from local amenities and international English and German schools, within easy reach of renowned golf courses and beaches, and around 45 minutes from Faro International Airport. Offering discretion, scale and a strong sense of place, this villa represents a compelling opportunity for buyers seeking a high-quality Algarve residence with enduring appeal and excellent long-term potential.

Energy Rating: C
