ZADAR, NIN - Building land with a building permit for a semi-detached house!

A building land of 450 m², with a regular square shape, dimensions 22 x 23 meters, is for sale, located in the quiet village of Grbe, in the immediate vicinity of Nin and Zadar. The land has a valid building permit for the construction of a semi-detached house. In addition to this plot, a neighboring plot of the same size is also available, also with a building permit, which makes this property an ideal opportunity for investors. The project envisages the construction of a semi-detached house with two residential units, each with an area of 130 m², with its own swimming pool. The property consists of a basement, ground floor and first floor (G+G+1), and an additional exit leads to a spacious roof terrace. The location is very quiet, suitable for living or tourist rental, with a sense of privacy and silence, and yet close to all essential amenities and the sea. Access to the plot is provided by a road that is marked in the cadastre, 7 meters wide. All necessary infrastructure is located in the immediate vicinity. The documentation is completely in order, the ownership is 1/1, without encumbrances, and the utility contributions have already been paid and included in the price. This property represents an excellent opportunity to build a modern house with a swimming pool in a quiet, but strategically excellent area. Whether you are looking for a place for a family home or a quality investment in tourism, this location and project provide all the conditions for success.
