### OPATIJA, MIHOTIĆI - Old house with project, building permit and view

We are mediating in the sale of a house that represents an ideal opportunity for anyone who wants to create their own home or weekend house according to their own wishes and measurements.

The property requires complete renovation, but what makes this offer extremely attractive is the fact that the house already has a finished project and a valid building permit. This means that work can begin immediately, without additional paperwork or long waiting for permits.

All utility infrastructure – water, electricity and other connection obligations – have been fully resolved and paid for. This significantly simplifies the process of renovation and future decoration, and leaves the new owner room to realize their vision without delay.

The location offers a beautiful view of the Kvarner. It is surrounded by greenery and peace, and yet close enough to all necessary amenities. In the immediate vicinity are Matulji and Opatija - towns that offer everything you need for a comfortable life: shops, schools, restaurants and a rich offer of promenades, among which the famous Lungo mare stands out, ideal for long walks by the sea.

This property represents an opportunity for investors, builders or families who want to build a quality and
