Informação adicional:

Privileged location in the heart of a dynamic and tourist town. Run for more than fifteen years by the current owners, this bakery enjoys an excellent reputation and offers breads, pastries and pastries entirely made on site.

The offer also includes a charming, completely renovated stone house, ideal for a family settlement. The accommodation, adjoining but well separated from the professional part, consists of a comfortable living room with an open kitchen, four bedrooms upstairs, a bathroom with WC, as well as a living room giving access to a very pleasant roof terrace. Two gardens complete this ensemble.

The professional part includes a bakery, two cold rooms, three freezers, a deep freezer, a pastry workshop, a dishwasher, a preparation room, a scullery, as well as a changing room with bathroom, a toilet and a welcoming and functional store. The bread oven runs on oil. A flour silo is stored outside in the garage. All equipment is included in the fund, allowing for a worry-free recovery.

This is a rare opportunity, perfectly suited to a family wishing to live on site while having well-separated living spaces. The amount of rent, charges and turnover is available on request.
