Informação adicional:

You are looking for a new house and it is here in Pinhal do General in Fernão Ferro that you will find it!

This first floor RC villa is located in one of the largest and best growing areas in the municipality of Seixal, right next to Quinta do Conde.

This semi-detached house has an outdoor area with a pergola in the RC, the first to be covered if you want and already electrified, ready to put a charger for your hybrid or electric car, to be able to help save money from day one.

The outdoor area safely stores 1 more large car or 2 small cars, depending on the sizes.

In the rear area of the lot there is the family area, barbecue, where you can have your children and pets running from one side to the other safely.

When you enter the ground floor you will find a room with plenty of natural light, with a false ceiling and projectors, the right solution for strong and saving lighting at the same time.

Next to the living room there is the kitchen, with custom-made cabinets, which will be installed with Teka appliances.

Still on the ground floor there is a room that can be an office or another bedroom, depending on your will and needs.

When you go up to the first floor you will find 3 suites, one with areas in the order of 14m², with built-in wardrobe and balcony.

The other suite already adds an area, to be in the order of 17m², with plenty of storage for clothes and to be able to add a few more pieces of furniture, such as a shirt or chaise long to enjoy the light.

It has water heating by solar energy.

We have properties in various stages of construction, so be sure to let us know so we can meet you.

Very close to the Fogueiteiro train station, great option if you don't want to go by car to Lisbon or nearby.

If you need support for financing, we have the right people in the structure to help make your dreams come true.

Let's talk? Thank you
