In this exclusive new development, modern design villas with private pools are being built in two construction phases – perfect for those who want to combine Mediterranean lifestyle, privacy, and high-quality architecture. The Villa Vega is the largest and most exclusive villa model within this elegant residential complex, offering an impressive living concept over two floors. It is designed for buyers looking for generous space, modern design, and high-quality finishes.

Set on a private plot, the villa offers approximately 205 m² of living space, complemented by spacious terraces. The property features 3 bedrooms and 3 modern bathrooms, providing maximum comfort for family life, guests, or extended stays on the Costa Blanca.

The heart of the villa is the spacious open-plan living, dining, and kitchen area, where large windows seamlessly connect the interior with the outdoor spaces, creating a bright and luxurious atmosphere.

From the living area you have direct access to the covered terrace and the garden with a private swimming pool (6 × 3 m) – perfect for relaxing days under the Mediterranean sun or enjoyable evenings with family and friends.

Another highlight is the generous rooftop solarium, offering additional private outdoor space to enjoy the Mediterranean climate all year round. Solar panels can also be installed as an option.
