#### Informação adicional:

First-floor apartment with frescoes and period finishes, finely restored, air conditioning, for sale in Florence. Piazza d'Azeglio is the vibrant heart of the 19th-century San Niccolò district, one of Florence's most exclusive and sought-after residential settings, defined by elegant architecture and an exceptional quality of life, just steps from the city's main museums, restaurants, and amenities. The apartment is located on the first floor of a historic period villa, accessed through a grand communal entrance that has been immaculately preserved in all its original architectural elements. The building, dating back to 1800, is in excellent overall condition: the façade retains the austere yet refined character typical of historic Florentine architecture, with harmonious proportions and decorative details that speak to the craftsmanship of the era. The property has undergone a thorough and meticulous conservation restoration that has preserved and enhanced every original element: the soaring ceilings adorned with magnificent frescoes, the original 19th-century doors, and the herringbone parquet floors. The interiors unfold across a single level and include a bright entrance hall, a grand triple reception room with fireplace and balcony access, a spacious dining room with fireplace, a large eat-in kitchen with marble island, a frescoed gallery hallway, a utility room, three double bedrooms — including a principal suite with fully frescoed ceilings and a walk-in wardrobe — three windowed bathrooms, and two storage rooms. An attic completes the property. A full air-conditioning system ensures year-round comfort.
