Thoughtfully Renovated with Style and Functionality

Completely refurbished during 2025/2026, the property has been finished to an impressive standard, blending clean Ibiza-inspired architecture with contemporary materials and quality craftsmanship. Occupying a generous 1,106 m² plot, the villa offers approximately 204 m² of accommodation arranged over two distinctive levels. The main living floor welcomes you with a bright entrance hall leading into a spacious open-plan living, dining and kitchen area, where natural light flows effortlessly throughout the interior. Large openings connect directly to the outdoor entertaining terraces, creating an ideal setting for both family life and hosting guests.

This level also accommodates two well-proportioned bedrooms, including one with its own balcony, together with a stylish family bathroom.

The lower level provides flexible accommodation with three additional bedrooms, two of which enjoy direct access to private outdoor terraces. A guest cloakroom, an additional bathroom, garage, laundry room and storage room complete the practical layout, making the villa equally suited as a permanent residence or a luxury holiday home.

Exceptional Outdoor Living

The exterior spaces have been designed to maximise the Mediterranean climate while remaining easy to maintain.

At the heart of the garden lies an elegant 8 x 4 metre swimming pool, surrounded by generous sun terraces, shaded chill-out areas and an inviting outdoor dining space. A fully equipped summer kitchen encourages al fresco entertaining throughout the year, while beautifully landscaped gardens featuring native Mediterranean planting benefit from automatic irrigation for minimal upkeep.

Private parking, in addition to the garage, comfortably accommodates two further vehicles.
